

<b>Footpath name</b>	<b>Footpath number (def map)</b>	<b>Problem and comments (red text are key issues of which further details appear in a separate word file)</b>	<b>Date checked</b>
Oughtonhead lane	3	Vegetation (inc nettles and thistles) narrows path near to Westbury Close. Fly tipping (plastic bags stuffed with rubbish) near dog bin at junction with Redhill Road. Sign at this point obscured by vegetation.	18/06/2014
NA	10	Fly tipping at S end (by litter bin). <b>Deep pothole (6") half way along (see picture 2356) danger exacerbated by lack of lighting.</b> Some overgrown vegetation.	19/06/2014
NA	10	<b>Repair of little use. Pothole is just as bad as before.</b>	03/08/2014
NA	11	Quite a lot of litter. Damaged litter bin near to MUGA - see picture.	11/07/2014
NA	12	Minor litter and graffiti only.	26/06/2014
NA	14	Offensive graffiti. Litter not too bad. <b>Uneven surface.</b>	26/06/2014
NA	15	Minor litter and graffiti only.	26/06/2014
Chalkdell Path	17	Graffiti now on wall at N end.	14/07/2014
Maxwell's Path	18	Overhanging vegetation in vicinity of barriers near old hospital site. Hospital site currently for sale, and now closed to intruders.	18/06/2014
Union path	20	Some overhanging vegetation. Previously noted litter much better. Electricity sub-station at S end still used as giant litter bin. Graffiti not offensive.	18/06/2014
Braunds Alley	23	<b>No barrier at junction with busy Old Park Road A600</b>	18/06/2014
	24	Litter bins are often over-filled and are subject to vandalism at weekends in particular - bases are broken. Tree root damage has received attention in the last few days.	18/07/2014
NA	26	Temporarily closed. Apparent route not signposted past NMR site.	19/09/2014
Bogeyman's alley	30	Much improved. Little litter. Pile of old newspapers still there, but is in advanced state of decay.	18/06/2014
Coopers Alley	35	No issues.	29/06/2014
NA	38	Signpost has fallen down at junction with Priory End.	10/08/2014
NA (Priory End path?)	43	N of bridge fallen fence, but access to the land to W of the path is not barred. The fence simply contributes to a feeling of lack of care of the path. Nettles and fallen tree in section through trees to S of bridge. Can easily be circumnavigated.	25/08/2014
NA	45	Some dog fouling	25/08/2014

NA	46	No issues.	25/08/2014
Butchers Lane	50	No issues.	29/06/2014
NA	51	No issues.	12/08/2014
Cemetery walk	55	No issues.	26/06/2014
Kershaws Hill path	56	No issues.	11/08/2014
NA	58	Minor graffiti on seats on hill and wall by water tower. Otherwise no issues. There is a CCTV camera on the lower section which may deter some graffiti compared with previously.	10/08/2014
St Johns Path	62	Section where soil and dead leaves encroaches onto tarmac surface could present problems in winter	29/06/2014
Taylors Hill	63	No issues.	11/08/2014
Storehouse Lane	65	Some litter. <b>Dangerous brick gateway (blocked by fence) - see picture. Arch is broken and could fall.</b>	26/06/2014
Riddy Lane	71	Much more litter than previously. Little change in levels of graffiti.	26/06/2014
NA	72	Litter left bagged by bin. Otherwise no issues.	03/08/2014
NA	73	No major issues. Fairly wide borders alongside William Ransome school and at back of gardens of houses at end of Benslow Lane might have potential to be managed as wildlife feature?	03/08/2014
Burtons Path	74	No major issues, although can be lonely at night.	03/08/2014
Benslow Path	75	No major issues, although can be lonely at night.	03/08/2014
Avenue Path	76	Can be lonely at night. Name board is missing at both ends.	03/08/2014
NA	77	Some relatively minor tree root damage. No signs.	03/08/2014
NA	78	Some relatively minor tree root damage. No signs.	03/08/2014
NA	80	Fly tipping and litter near Chaucer Way	19/09/2015
Railway fb to St Michaels Rd only	80	Quite a lot of litter NE of FB.	03/08/2014
Baulk path	85	Minor litter only.	19/03/2016
St Michaels Rd to St Michaels Mount only	87	Much vegetation at St Michael's Rd end - FP sign is not obvious and the path uninviting. However, this path is not useful - the exit onto Cambridge from St Michael's Mount gives no onward route to the station.	03/08/2014

NA	89	Signpost is old (HUDC) and fails to make clear that this path leads to a busy road with no onward connection.	19/12/2014
West Alley	90	No new issues	17/07/2014
Gypsy Lane	94	Broken down vegetation blocks track. <b>Redundant vandalised seat remains in place.</b> Some work is currently taking place. Maybe this will address these issues.	19/03/2015
Gypsy Lane	94	Very muddy surface near N end awaiting picture (notified via Jeremy Burroughs)	08/08/2014
Gypsy Lane	94	Hole opening near metal plate at S end (notified by Mike Clarke).	28/08/2014
NA	81 and 83	Litter now much less than previous. Lighting is probably adequate.	19/12/2015
HOOP (part on road)	between 94 and 70	<b>Raised verge is narrow, uneven and dangerous. Traffic approaching Hitchin has limited visibility of pedestrians with no warning signs, and travels up to 50mph.</b> NM aware of this from previous survey.	19/06/2015
NA	119	Uneven surface, but this is semi-rural in spite of its location.	12/08/2014
Saunders Walk	NA	Private estate sign on estate land. May deter some, but a mere statement of fact. No attempt to block path.	26/06/2014
Unnamed path between Stevenage road (to E of Orange Tree pub car park) and Francis Close	NA	No issues.	29/06/2014
Redhill Path	NA	Newly created plantings at N end are still well-cared-for. Further to the S the problems with fly-tipping and general litter remain. This time, an old lawn mower casing has been abandoned. The garages between the path and Westmill Road side at the N end are in very poor repair, and attract vandals.	24/08/2014
Rowan Grove link - between Rowan Grove and Langridge Close	NA	No issues.	29/06/2014
